Programme Name	Start Date	Programme Description	Unit Standard Code	Level	Credits	Version	Unit Standard Description
Audio Production	Friday 29 July	Students will be learning to operate the equipment in a recording studio and to communicate with the performers in a real-world situation.	US27703	2	4	4	Demonstrate and apply knowledge of sound control and enhancement processes required for a performance context
			US28007	3	6	3	Select and apply a range of processes to enhance sound in a performance context
Automotive	Thursday 28 July	This course provides an opportunity to put into practice the theory students learn in the classroom. They will be learning in our fully equipped automotive workshop at SIT. If students are interested in working on cars or any type of vehicle, we suggest they try their hand at this popular trade.	US29579	2	4	1	Demonstrate knowledge of good work habits and safe work practices in the automotive industry
			US21691	2	2	2	Disassemble and reassemble a single cylinder or multi-cylinder four stroke engine under supervision
Carpentry	Friday 29 July	The STAR Carpentry course will revolve around the building of carpentry projects. Students will use and learn about materials, tools and technics related to the carpentry industry. Health and Safety policy requires that students have steel-capped boots in these workshops.	US31812	2	6	1	Complete a BCATS project
Digital/ Game Design	Friday 29 July	An introduction to the concepts of digital media and how to implement them to produce and deliver a multi-media presentation.	US29772	2	2	1	Manage files and folders using digital devices
			US29773	2	3	1	Produce digital images for a range of digital media
			AS91305	2	4	2	Demonstrate and understanding of methods and ideas from established practice appropriate to design

Hairdressing	Friday 29 July	A mixture of practical skills will be experienced during this programme including long hair braiding, simple hair ups, shampooing, conditioning treatments, curling and straightening with heated styling appliances, blow drying and plenty of tips and tricks for hair styling. Students will enjoy our salon-orientated environment. Leading towards New Zealand Certificate in Hairdressing (Salon Support).	US28025	2	2	2	Demonstrate the journey of a client journey in a salon
			US28026	2	3	1	Present a personal fashion image for work in a hairdressing salon environment
Hospitality	TBC	A fantastic foundation course for those focused on future employment in the hospitality industry. The students will practice these skills in the Bungalow, which is a training café on campus. Students will learn table service skills, serving hot and cold non-alcoholic beverages, making espresso beverages and demonstrating knowledge of coffee origin.	US17285	2	4	9	Prepare and present espresso beverages for service
			US17284	3	3	6	Demonstrate knowledge of coffee origin and production
Music	Friday 29 July	Students will learn how to perform a variety of contemporary music in a group, and also compose music in a variety of contexts including song writing, instrumental music, and/or music for film and video games. Students will have access to SIT's top of the line performing and recording facilities.	AS91271	2	6	2	Compose two substantial pieces of music
			AS91272	2	4	2	Demonstrate ensemble skills by performing a substantial piece of music as a member of a group
Film Making	Friday 29 July	Devise, shoot and edit a three-minute video production (e.g. music video, short comedy/drama or short doco) of your choice! This is an ideal taste-tester for those interested in careers in film, video, and the media, and an ideal feeder course for SIT's Bachelor of Screen Arts in Film.	AS91253	2	6	3	Complete a developed media product from a design and plan using a range of conventions
			AS91893	2	4	1	Use advanced techniques to develop a digital media outcome
			US10353	2	5	6	Shoot material for a production with a moving image camera

Digital Fashion	Friday 29 July	Students will learn the design development process and utilise this process to design their own collection of fashion garments.	US16837	2	3	3	Prepare for and produce fashion drawings
			US4838	2	3	6	Demonstrate knowledge of clothing materials in the clothing industry
			US6692	2	5	4	Prepare for and construct a leisure garment
			US6685	2	5	4	Adapt a commercial pattern for a garment
